

Abdullah-Al-Mahmud

Full-Stack Developer

Alaipur,Natore,BD | +8801617681926 | abdullahalmahmudmahmu777@gmail.com [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Solution-Driven Software Developer committed to engineering efficient and maintainable web applications. I bridge the gap between complex business requirements and seamless digital experiences through clean code and robust system design. My approach focuses on optimizing application workflows, enhancing system reliability, and staying at the forefront of emerging technologies to drive innovation in every project I undertake.

WORK EXPERIENCE

WordPress Developer | Odyssey Tech 06/2024 – 02/2025 | London, UK (Remote/Office)

- Resolved complex technical bugs, theme issues, and plugin conflicts to ensure site stability.
- Executed advanced theme and plugin customizations and managed security patches and database optimization.
- Collaborated with senior developers to deliver high-quality, scalable web solutions.

Frontend Developer | RajFlix Solutions 02/2023 – 05/2024 | Rajshahi, Bangladesh

- Developed responsive, user-friendly web interfaces and optimized loading speeds for better performance.
- Integrated REST APIs in collaboration with backend teams and implemented modern UI/UX layouts.
- Identified and fixed UI bugs to enhance the overall user experience and interface consistency.

SKILLS

Languages: C, C++, Java, Python, PHP, JavaScript, Typescript

Frontend: React.js, Next.js, Redux, HTML, CSS, WordPress (Elementor)

Backend: Node.js, Express.js, Laravel, REST API

AI & Integration: OpenAI API, Gemini API, AI API Integration, Prompt Engineering

Database: MongoDB, MySQL, MS SQL Server, Firebase

Version Control: Git & GitHub

Deployment & DevOps: Vercel, Netlify, Render, Railway, Firebase Hosting

Tools: Postman, Docker (Basic)

Soft Skill: Team Work, Collaboration & Communication, Creative problem-solving

PERSONAL PROJECTS

Smart ATM Simulation (Online Banking System) Core Technologies: Next.js, Node.js, Express, MongoDB Atlas

- Secure Ecosystem:** Developed a high-performance banking interface with secure user authentication and logical processing for real-time transactions.
- Real-time Architecture:** Built a scalable backend using MongoDB Atlas to manage live balances and transaction logs with optimized query response.

- Live Demo:** [Click to View Live Site](#)
- Source Code:** [Click to View GitHub Repository](#)

Hotel Flow – Hotel Management System *Core Technologies: Next.js, Node.js, Express, MongoDB Atlas, Tailwind CSS*

- **Management & Inventory:** Engineered a full-stack platform with a real-time availability system for streamlined room bookings and guest check-ins.
- **Security & UX:** Built a secure backend for sensitive guest data and a modern, mobile-first UI using Tailwind CSS for a seamless user experience

- **Source Code:** [Click to View GitHub Repository](#)

JibonDaak – Digital Ambulance Service System *Core Technologies: React.js, Node.js, Express, MongoDB, Google Maps API*

- **Emergency Connectivity:** Developed a centralized ecosystem to connect patients with nearby ambulance services instantly, significantly reducing critical response times.
- **Real-time Navigation:** Integrated Google Maps API for location-based tracking and efficient route calculation for rapid dispatch and pickup.
- **Fleet Management:** Built a robust administrative dashboard to manage ambulance fleets and driver profiles with a high-pressure, user-centric interface.

EDUCATION

B.Sc. in Computer Science and Engineering | Varendra University

- 08/2022 – Present

Higher Secondary School Certificate | Kafuria College

- 06/2019 – 11/2021

Secondary School Certificate | Natore Govt. Boys' High School

- 01/2011 – 11/2018

Certifications

- *Node.js (Intermediate)* – HackerRank | [Verify](#)
- *Cyber Security Best Practices for Developers* – Educative | [Verify](#)
- *Software Design Patterns* – Educative | [Verify](#)

Language

Bengali: Primary language, excellent in written and verbal communication.

English: Proficient in technical documentation, team collaboration, and professional communication.
